

Hydrafacial Booking Script:

Hi Stacey! I'm working on a new treatment experience called a hydrafacial and it is AWESOME!!! It's a super popular deep exfoliating and hydrating spa experience that usually costs about \$250, and I can give the for freeeeeeee!!!

I get to treat 33 women to try it out before the end of the month so of course girl you're on the top of my list! Would you rather me come to you or would coming to an event be more fun for you?

(after booking a time let her know that she can gift the hydrafacial experience to her girlfriends free also and she gets XYZ for each gal who comes)
